4GRP Topics

- Large-Scale Global Science
- Next-Generation Research Platforms
- Orchestration Among Multiple Domains
- Flow Monitoring, Visualization, Analytics, Diagnostic Algorithms, Event Correlation AI/ML/DL
- International Testbeds for Data-Intensive Science and Transition to Tbps-800G-400G WANs
- Enhancements of Major R&E Networks and Open Exchange Points

https://www.theglobalresearchplatform.net/

4GRP Updates

- WiFi network: STRAPHAEL
  Username: VISITOR
  Password: RAPHAEL

- Program updates for Monday

- All speakers must have presentations on USB Memory Stick

- I will attempt to time speakers – make note of speaking times on the Program

- Collecting presentations to post on 4GRP website
